## THE FISHING REPORT

The specks are still biting!! Large catches were taken in the canal north of Slim's in Stein's Canal and in Pelican Bay. Most fishermen are using live minnows or No-silbi jigs.

Bass fishing has also picked up around the pepper grass areas of pelican bay as well as in the pepper grass flats along the South Shore, and near Grassy Island.

Mr. and Mrs. Solia Corbin and grandson Chuck, Belle Glade, fished on 53rd Street on Friday.

Shorty Dray, Belle Glade spent his birthday fishing with his son H. V. Dray on Saturday, and came in with a near limit catch.

Dan May, Belle Glade, had limit catches on Monday.

Tuesday morning, Mr. and Mrs. Claude Herchenhan, Belle Glade, and Mr. and Mrs. Claude Herchenhan, West Palm Beach, brought in near limit catches on Sunday.

Jimmie Taylor, Belle Glade, took a 7 1/2 pound bass on Wednesday.

George and Jane Ives, West Palm Beach, had 12 bass on Saturday and 5 bass on Monday. Two of these 17 bass went 8 pounds and 7 pounds each. The Ives had a two week vacation at the Blue Glades Inn after which Mr. Ives got a real job at the West Palm Beach Post Office where we are sure he will do just a little boating.

There were many, many more limit or near limit catches brought in over the weekend, limited space prevents listing everything.

The wind which caused a few fishermen to doubt

on Sunday his subtitle now and "Good Fishing Ahead" in the forecast for this week.

# THE GREAT WIDE-TRACK DRIVE IS ON!

**There's very little difference between Wide-Tracking in a Pontiac and ordinary driving...in dollars.** A big, powerful Wide-Track Pontiac costs no more than some of the so-called low-priced cars. So if you're settling for less than a 400 cubic inch V-8 and a big-car 121-inch wheelbase, stop settling. Start Wide-Tracking. The drive is on. See your Pontiac dealer. He's out to smash sales records for the 7th straight year!

EXECUTIVE VICE PRESIDENT

## Internal Security: Time To Act

In this era of cold war, in which Communism is waging a war of propaganda, subversive and clandestine operations against the United States, America needs to have a code of a fully adequate internal security law. Those who wage war against the United States from within have to be met as well as effective means as U.S. armed forces use against Communist troops in the field.

Unfortunately, there are no gaps in the laws. In territorial areas in recent years, the U.S. Supreme Court has invalidated much of the legislation enacted in the 1940s to give the American people protection against their enemies. The Warren Court has left this nation cruelly exposed to manipulation by the hawks—American elements operating inside the country.

At long last, a comprehensive effort is under way to plug the gaps in the Internal Security Act. Sen. James O. Eastland (D-Miss.) with strong bipartisan support, has introduced a proposal which, if enacted, would give the republic protection against the internal subversives of the United States.

Sen. Eastland has pointed out that "any person who owes allegiance to the U.S. and yet gives aid to the Viet Cong or to North Vietnam or to any other nation or armed group engaged in open hostilities against the United States, shall be tried as though he were in the same manner as if he were in the United States." The bill also provides for the trial of those who are fighting and dying, certainly should be punished." But the Senate also voted out the "so long as we remain in a state of cold war, where the constitutional crime of treason is virtually impossible to commit" clause, so as to reach to persons who aid or would aid subversives of the United States.

The proposed Internal Security Act of 1968 should contain the following. Among the excellent and necessary features of the bill are provisions against teaching or advocating the overthrow of the government.

The bill also would extend the statute of limitations in cases of treason, espionage, sabotage, sedition and subversive activities. Moreover, the bill would make it a criminal offense to commit acts which, if committed in wartime, would commit treason under the terms of the Geneva Convention.

This new offense would be defined as giving of aid or comfort to an adversary of the United States by an overt act performed by a person owing allegiance to the United States. The term "adversary" would be specifically defined to mean

Uncle Dan from Doolie Says:

### DEAR MISTER EDITOR:

The session at the country store Saturday night was took up mostly with Congressmen and crooks. Not many any connection between the two, and the fellers wasn't meaning no disrespect to our Congressman, but things don't have to have some connection to be against them.

Frist off, Uncle Doolie reported he had saw where 7 Congressmen was going to Australia to study how they build roads. Ed Doolittle reported he was there. Ed was shore the fact is it was terrible in Washington and Australia. In Australia, Ed said, the fellers didn't have nothing to do with the President's plan for Americans to travel at home and quit spending their dollars in other countries.

But worried Ed, he said, was that if they was anything in the world that he had to do with the fellers in Washington on how to save some land for the farmers and ranchers. He thought they had ought to be holding conferences in Washington to come to the time when they was more than enough to them strip the land four-lane highway. That's what we get for getting and cultivating.

Zeb Gribb was agreed with Ed, allowed as how Americans trying to learn how to build roads from engineers in Australia as like a doctor putting a mastoid plaster on a wooden leg.

Bug Hookum said he didn't have time to worry about none of 7 Congressmen, that what was worrying him was them 9 men we got on the U.S. Supreme Court. Of course, the opinion critics had something to say about this, but he was more worried about the fellers that was raised in a roundabout section of town he never had a chance to live for a living and he was fail to pay your billfold.

Evan Clem Webster of the Great Society was agreed with Ed, said if a crook stole a mire and arrested, it's hard to get him in court. First off, if he committed a robbery, he would be a felon, but if he remained silent when he took your money he was a criminal. But, now allowed Bug, he was a poor, misunderstood feller that was raised in a roundabout section of town he never had a chance to live for a living and he was fail to pay your billfold.

Even Clem Webster of the Great Society was agreed with Bug. Clem said if a crook stole a mire and arrested, it's hard to get him in court. First off, if he committed a robbery, he would be a felon, but if he remained silent when he took your money he was a criminal. But, now allowed Bug, he was a poor, misunderstood feller that was raised in a roundabout section of town he never had a chance to live for a living and he was fail to pay your billfold.

The stockkeeper butted in at this point. Minister Editor, and announced the fellers had forced him, to take to those tranquil pools and he had got no transom. Didn't he know young Congressmen went to Australia if his name was record next.

Yours truly,  
Uncle Dan

A medical man who has chosen Florida for retirement after years of service in remote lands is grey-haired Dr. Eugene H. Payne.

He lives quietly at Bonita Springs with his wife and works on his memoirs.

He looks back on at least three careers. The most recent as medical director of Sunbeam Hospital for the mentally retarded at Mariana. He retired from his post last fall.

Born in Kansas, he graduated from the University of Missouri and the Marquette University Medical School, and for a time practiced and taught for the U.S. Public Health Service.

In 1941 he joined Park Davis & Company, a Detroit pharmaceutical manufacturer, an浪isitng and began travelling over the world testing new drugs against some of the oldest and most deadly maladies.

The evidence indicates that the American family is a direct victim of the massive audience of advertising. Or stated in a simple principle: the more advertising is forced upon a public, the greater becomes the annoyance factor.

Thus, advertisers and magicians which kinds of advertising and the means in which advertising is displayed or broadcast, whether it is television or the printed page, it suffers little or no annoyance loss.

The conclusion seems to be very reasonable and logical. It is remarkable that the bright idea of advertising to sell a product did not occur to us until it is imperative, therefore, that loyal Americans let Congress and the President know that they support the objectives of the proposed Internal Security Act.

The annoyance factor varies with kinds of advertising and the means in which advertising is displayed or broadcast. Thus, the annoyance factor indicated that it is highest in television advertising; radio advertising created the greatest annoyance, but it is lowest in print media.

Thus, advertisers and magicians purchased by the public should read with a minimum of annoyance. Since printed advertisements, except for the date, actually had been made up and arranged for publication, it was published in the February Reader's Digest.

A man known as Case 10 was dying of typhus fever. He was in one of the worst hospitals in Bolivia. A death certificate, complete except for the date, actually had been made up and arranged for publication, it was published in the February Reader's Digest.

Case 10 was injected along with 21 others all night. Forty minutes later he died. Death was sudden and unexpected.

## President of The Week

With many other extra curricular activities, Bill Phillips finds time to be an accomplished, practicing member of the Library Club and captain of the Band.

Bill was born in Scarborough West Virginia, and has lived here the last 10 years. His plan is to enter the Cavalry Academy or Dental Technology in the fall.

Library Club members also spend during football seasons. They were responsible for the many unusual and eye catching posters that were placed in our halls.

As captain of the band, Bill promoted good will by welcoming each visiting band playing football season. Bill plays the tuba in the Belle Glade High School Band.

## A Win For The Girls

Monday, March 4, the Rams' girl team hosted the Stuart and Macomber golf teams at the Belle Glade Country Club.

In the boy's match, Belle Glade beat Stuart, Stuart finished second, with Belle Glade finishing third.

The Belle Glade girls team outscored Belle Raton 3½ to ½ and beat Stuart 2-2.

Low scorer for the boys was Tommy Altman with a 41 and for the girls was Aggie Gressinger with a 53. Gail Farber qualified for state with a 54.

## Why America

By Jeannette Burnette  
Why America, why so strong.  
Do we as the people do  
How many wars were fought  
to be.  
The strongest nation, strong  
and free.

In Vietnam across the ocean,  
our boys are fighting with their  
dear ones.  
Why? We have protest,  
Don't we know it's bad?

The men who died, so brave,  
With no brave, more our flag to  
wave.  
But their lives weren't wasted  
on Earth.  
As they died for the cause they  
had birth.

One man for himself, to live  
and die.  
His mission to defend with his  
life.  
Fights for freedom, as he  
sees fit,  
Our support he needs . . .  
every little bit.

So why America, why so strong?  
Can we as the people do so  
wrong?  
We serve our lives to live,  
and we,  
Yes, we thank our God who  
keeps us free.

placed 1st in the 220 yard dash,  
and 2nd in the 100 yard dash.  
Belle Glade placed 1st in the  
4x100 relay race.  
The Bobcats were Ralph Gonzales, Eddie  
McGlamery, Noel Samuels, an  
Mark Whittemore.

Second place honors were held  
by Stephen Clegg, High Jump;  
Noel Samuels, Broad Jump;  
and Jorge Campa, 440 Yard  
Dash.

Belle Glade placed 3rd in the  
Spring Meet Relay (Ralph  
Gonzales, Tim Ervin, Charles  
Close & Eddie McGlamery).

The Belle Glade team, (Gree-  
nells and Tim Ervin),

Mark Whittemore was lead-  
ing scorer with 11 points. He  
placed 1st in the 220 yard dash,  
and 2nd in the 100 yard dash.

## This Is The Way It Is . . .

By Sandy Beta

Running without hesitation.  
Running with fear.  
Never stopping.  
Never caring.

Running on the people in our  
way.

There is no let up,  
No release of the pressure.  
No time to think.  
Running to start.  
Hating every minute of the  
race.

But unable to slow up.  
Urgent.  
But afraid to let go of our  
hang-up.

This is the way it is . . .

**Belle Glade Meets Boca Track Team**  
Belle Glade's track team traveled to Boca Raton. Wednesday night to compete in a triangular meet with Boca and Jupiter.

On Friday night the Bobcats took the win with 126 points. The Bobcats were followed by Jupiter and Belle Glade.

## Baseball Season Begins

The 1968 baseball season has begun for the Rams. At present, they are anxiously fighting for a good position in the conference. Their first three games were "close losses," but they played their best game. They played their first league game, March 5, against Okeechobee.

The team is coached by Mr. Don Hornish, a new teacher at Belle Glade High School this year. Playing four years of College Ball at Bowling Green, Mr. Hornish came to Belle Glade with nine years coaching experience from Waukesha High in Waukesha, Ohio. He has played 12 years of baseball, and has been a coach for 10 years.

Remaining lettermen include Seniors Jorge Rodriguez and Terry Mann. These two boys received the Highest Average Award and the Most Valuable Player Trophy, respectively, last year.

### Playmaker Guild

The playmaker Guild will present another play soon... Senior are now selling pat-  
ron ads for the Senior Class Play.

Seniors will begin selling  
yearbooks Tuesday... Lake Shore Community Band  
will participate in the Concert  
Festival March 18...

It's a pop-up! And here it comes.

### Student Council Makes Plans

The Student Council is now making plans for its annual school election. Election is tentatively scheduled for the second Tuesday in April. The election will be held at the school and will conform to all of the additional details and qualifications regarding the election.

During the third week in April all candidates desirous to run for an office of the student council or position of campus royalty must file a "Declaration of Intent To Run" with the Secretary of the student council, Mr. J. Alles, in Room 204 or with the President of the Council.

The following student council officers will be elected: President, Vice-President, Secretary, and Treasurer.

The following campus royalty will be elected: Miss Lake Shore, Miss Senior High, Miss Junior Attendant, and Miss Sophomore Attendant.

Selection is that time of year when students and parents are carrying around the people who will seek an office in the student council or position of campus royalty. It is also a time of great excitement for the prospective candidates are filled with excitement and anticipation while the present officers and members are beginning to worry about their positions but yet regret. Helen Ray relates that with election this year she will have to take her place among the most beautiful FORMER Miss Lake Shore Junior-Senior Miss, while Curtis Pierce is wondering and to some degree worrying if she may be chosen. It will be better than the present student council has been under his administration. For Helen and Curtis most of all it is a new challenge to swallow, but it's great and wonderful things must end.

Also keep your fingers as free of hangnails as possible. Pick off your cuticles, soak your fingernails in a bowl of warm soapy water for about half a minute. Then wrap an elastic band around the sides of each finger to keep the cuticle moist with cuticle remover, and push back the cuticle very gently working around the base and sides of the nail. With a fresh piece of cotton, wipe away the loosened cuticle. Soak off any hangnails with cuticle scissors — never bite them.

### Helpful Hints

Q. My Lips are very dry and they crack and chap very easily. What can I do to prevent this?

A. Cold, wind and hot sun quickly dry out your lips. Wrap your lips in your hand to help dryness from moisture evaporates almost immediately. Since there are no lubricating oil glands for the lips, it is necessary to use a lip balm to protect them when they are excessively dry. Apply petroleum jelly, a lubricating cream, or a colorless lip balm to your lips often as necessary. Avoid non-nourishing lipsticks since they aren't as oily as other types. The oilier types help alleviate and prevent dryness.

Q. I pick at my cuticles because you are always telling us to avoid it, and they look terrible. How can I get rid of hangnails and make my cuticles look smooth?

A. You probably "worry" your cuticles because you are worried. Try to find the source of your worry and eliminate it. Also, stimulate circulation in your hands close. Wear gloves whenever possible, even if just for a short time. If your problem is serious:

### GUESS WHO!!

"That's not Mrs. Shaw is it? J. B. guess you can't feel all of the people all of the time. Betty Eping, stop your crying we know who you are. Our fortune-teller tells us that your answer is a bit beyond our knowledge. When you learn to talk you'll love English because you feel that "everyone should have some pride in English." Your hobbies are swimming, cooking, dancing and writing!

Oh! One last thing! Your parents are Mr. and Mrs. Ed Eping, Sr.

### Senior Class Play Try-Outs

Well readers, let's take a look at our prospects for the graduating class of '68.

**DeMolay Week Proclaimed For March 17-24**

Myles Conklin, Master Conductor and Charles Clark, Senior Conductor were at the Hotel Lorraine in Belle Glade for the annual gathering March 17 through March 24 as International DeMolay week.

Lake Okeechobee Chapter, Order of DeMolay, today announced that it will join more than 2,500 other DeMolay chapters in local observances of International DeMolay Week, March 17-24.

The annual, week-long event celebrating the anniversary of the Order, is designed to acquaint the public throughout the free world with the purposes and activities of the organization.

The theme selected for the 1968 observance is "The Order of DeMolay." The DeMolay are planning events ranging from social service projects to em-

pasisng the program.

Robert Michael Foster, son of Mr. and Mrs. Robert Lee Foster and Master Conductor of the local chapter, said that the 1968 theme was chosen because "It is indicative of the growth and activities of Lake Okeechobee Chapter."

He stated that in addition to holding worthwhile activities for a week, the "One Order builds character and leadership qualities."

The Chapter Advisor for the local chapter is Harvey M. Bostrom.

The Order of DeMolay was founded in 1919 by Frank S. Smith and members of the Knights of Pythias in Kansas City, Missouri. Since that time, nearly three million young men between the ages of 14 and 21 have been initiated into the Order.

Famous Senior DeMolays include the late Walt Disney, Olympic decathlon champion Bob Mathias, newscasters Walter Cronkite and Paul Harvey, Bob Cummings Movie and TV star, John Edgar Hoover, Director, Federal Bureau of Investigation.

**Cooking Caravan To Be In Glades**

A novel Commercial Electric Cooking Caravan will be in the Glades District area on March 19 and 20 at Kwik Check Parking Lot, 21 Bell Glade, Belle Glade, from 9 a.m. to 2 p.m. at the A & P Parking Lot, 22 at the A & P Parking Lot in Pahokee according to C. A. Chase, Florida Power & Light Company manager. This one stop mobile kitchen unit tour will cover all areas in the state served by the Company.

The paved design Caravan is a "mobile materials" concept, which brings the latest in commercial electric cooking equipment—boiled up and ready to serve—delivered directly to operators, planners, designers and directors of food service establishments.

In 1965, the live demonstrations attracted restaurant operators, architects, school board members, dietitians, hospital administrators, restaurants, caterers, culinary student groups from junior colleges, and many others.

The remodeled Caravan, now called "The Sunshine Kitchen Caravan," consists of a 48-foot truck and trailer with a section housing a 3-ton reverse-cycle air conditioner, water heater and the fresh water tank.

The trailer portion is 30 feet wide with a 16-foot section on one side that is hinged at the top to open from floor to ceiling, and forms an awning.

This enables a large group to sit outside the trailer, under the awning, while watching a demonstration.

All pieces of electric equipment in the trailer are of very latest design and include a complete food service operation. This includes the necessary preparation and dishwashing facilities, including sterilizing equipment—all permitting "live" demonstration of any or all equipment.

The trailer is adequate for a closer inspection or actual personal use of ovens, grills, hotplates, etc. FPL sales members who conducted FPL sales members who con-

ducted the demonstration have recently completed a series of training in the latest techniques of commercial electric cooking.

This school was conducted

by the Florida Power & Light Company's largest group of manufacturers of commercial electric equipment.

"Invitations have been issued to those in the area who are interested in this type of operation," Chase stated. "If we have missed anyone, a call to our office will be necessary for an invitation to attend a demonstration."

We are the present . . . and the future too!

Remember, when we turn our eyes to you to point the way

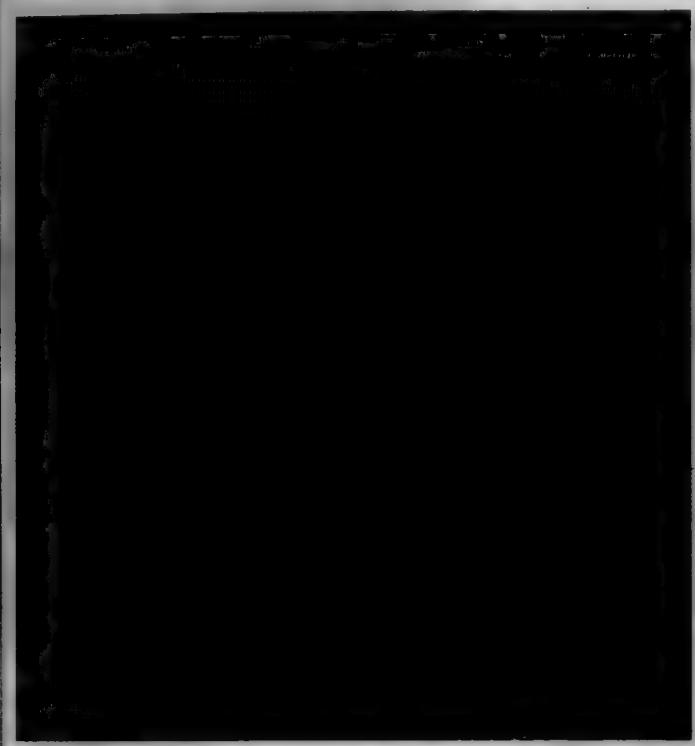

That we must learn to walk these paths ourselves against the day When you no longer lead us by the hand.

Teach us the meaning of the words we sing For soon there will be those Who we must lead In ways which you have shown. And, having taught us, we will stand by you and lead for us to walk alone.

The present is in your strong hands.

#### TO THE CITIZENS OF BELLE GLADE:

With the publication of this fourth annual report, we are already well into the 1967-68 fiscal year under the capable leadership of Mayor Connell. If you will all continue to give him the same support and cooperation you gave to me, he need ask no more.

In retrospect, we are proud of last year's progress, but recognise the ever-present need to provide more of the improvements and services constantly in demand.

If, after examining this report, you have any questions, please don't hesitate to ask—for it is our intent to keep you informed of where, how and why your tax dollars are used each year.

We wish to thank all City employees for their splendid cooperation. A special thank you goes to those investors who have purchased our City's revenue bonds over the years and therefore made it possible for Belle Glade to be a better place to live and work.

Respectfully yours,

*Bill J. Bailey*

### TO THE CITIZENS OF THE CITY OF BELLE GLADE:

We present to you this fourth annual report to again enlighten you as to the operation of our City.

Each year, it becomes more difficult to render the services which the citizens of Belle Glade require. There are many reasons for these difficulties, but basically the principal reason is the rising cost in labor and materials. Every effort is expended to give the best services possible for the least cost.

Recent decisions of both Federal and State Courts increase law enforcement cost almost daily. Protection from the criminal and his prosecution in the Courts continue to be the City's largest expense and will continue if the peace and tranquillity of community is to be preserved.

Much has been accomplished in the past years to make Belle Glade a good place to live and raise a family. The sugar cane, produce and cattle industries have placed the name of Belle Glade in prominence. The City had to keep pace that you, the citizens of this City, the beneficiaries of these industries directly, or indirectly, be supplied the services that you desire. The growth of the City must continue. Improvements must be worked for each day.

There is much yet to be desired but with your patience, all will come. Careful study of this report will convey to you the financial condition and accomplishment of the many departments. It is hoped that it will reflect the conscientious services of the employees and their high morale in the satisfaction of a job well done.

You, the voters, are to be congratulated on your selection of our City Commissioners. Their unselfish, conscientious and diligent efforts have provided the leadership that has kept Belle Glade growing. We can be proud to say, "I Am From Belle Glade."

Respectfully submitted,

## TAX COLLECTOR

The Tax Roll is prepared between January first and April first. All applications for exemptions and tax returns must be made by April first. Any taxpayer who desires to discuss his valuation should contact the assessor before April first. The tax roll values are compiled by July first and presented to the City Commission, which gives notice to the public 15 days before it meets as a Board of Equalization at the first regular Commission meeting in August.

Taxes are due and payable November 1st with discounts through February, they are net during the month of March. Delinquent taxes are sold the first Monday in August each year.

Every person who is a legal resident of Florida and who resides in his home and makes it his permanent home to the exclusion of all other places is entitled to a homestead exemption up to an assessed value of \$5,000.00. If the home is assessed over \$5,000.00 the owner pays on that part of the value which exceed \$5,000.00.

To be eligible for Homestead Exemption a contract for purchase or for deed of property must be recorded in the County Clerk's Office prior to January 1st. Application for exemption must be made to the County Assessor by April 1st of each year.

Occupational License are due January 1st. A half year license may be purchased after July 1st by anyone starting a new business. An Occupational license is required by each and every business, profession and occupation engaged in or carried on either wholly or in part within the City Limits of the City of Belle Glade.

## Our Beautiful New Library . . .

MRS. BETTIE W. HARRIS  
Librarian

Well equipped and well manned libraries go beyond everyday practical needs and contain the inherited wit, wisdom, humor, life, and cream of all the jests of centuries which man has left as a record of what he's thought and done. The greatest reason for reading books and valuing libraries is to have life more abundantly, to think justly, and to live more in harmony with each other.

## HUMANE SHELTER

The City of Belle Glade can boast one of the most modern humane shelters in the state of Florida, having facilities to house many stray dogs in a sanitary and healthy environment. The shelter is overseen by James (Toby) Shiver, City Game Warden.

### The Belle Glade Country Club

This beautiful facility with its excellent 9 hole course is operated by the City of Belle Glade. The club house offers both a dining room and lounge, plus locker rooms and a pro shop. Golf carts are available as well as pull carts at a modest rental. A professional is available to give instruction to those who desire it and he also sees that the course is maintained in excellent playing condition.

### New Construction

One of the most beneficial projects completed in 1966 was the opening of the 8th Ave., bridge from SR 80 over the Hillsboro Canal to East Canal St. N. at the intersection of SR 80 and East Avenue E. For years the Main Street bridge over the Hillsboro Canal was the only crossing in the city. Within the heavy growth span of the past few years, the SR 715 bridge at Chosen, the second street bridge and the bridge at 5th street have been built at intervals, greatly relieving traffic congestion. The approximate cost of the new structure was \$34,000.

### TRAFFIC CONTROL

1. Installed 50 new parking meters.
2. Used 700 gallons of street marking paint, marking parking spaces, center lines, etc.
3. Installed 64 street marker signs.
4. Installed and replaced 129 traffic signs.
5. Repaired 98 traffic signs that were destroyed or vandalized by unknown persons.
6. Traffic control light installed at S.E. Ave. E and E. Canal St.
7. Traffic control lights installed at S.W. 4th. St. and W. Ave. A.
8. Caution light installed S.E. Ave. G and 3rd. St.
9. Traffic control lights installed at W. Canal St. No. & N.W. 16th. St. and W. Canal St. So. and N.W. 16th. St.
